DOMESTIC VIOLENCE SIMULATION

In Her Shoes is an interactive simulation to help community members understand the ups and downs a battered woman experiences over the course of many years.

- Explore 17 different stations (such as the hospital, emergency shelter, and church)
- Increase your awareness as you navigate choices for your character.
- Scenarios are based on true stories and real-life experiences of the one-in-three women affected by domestic violence.

Because domestic violence is a community tragedy not a private problem, we invite you to walk “In Her Shoes” and find your role in the movement to end domestic violence.

Participant Comments	<p><i>“This was a great experience!”</i></p> <p><i>“I didn’t realize how complicated it was to get help.”</i></p> <p><i>“We need more safe people.”</i></p>
